

Raz-Kids

Raz Kids is an online website that gives students access to thousands of books at their reading level. Students can access the Raz Kids website on any computer or tablet device that is connected to the internet.

During this period of learning from home, students need to login to Raz Kids on a daily basis and choose a book from the 'Reading Room'. Students need to read the book they have chosen and then answer the quiz questions related to that book.

How to Access Raz Kids

1. Go to the website www.raz-kids.com

2. Click on the  button.

3. Enter your teacher's code.

Miss Mac: GOOR03

Mrs Patton: GOOR02

4. Click on your username and type in your password.

5. Click on 'Reading Room' and then choose a book to read.

Click here to listen to the book (if enabled).

Click here to read the book.

Click here to answer the questions.

Your aim is to get all of the quiz questions correct.

If you get an answer wrong you need to go back and re-do the question (reading the text again to find the correct answer). The teachers will be checking your work each day.
